MISSION

The mission of our parish music ministry is to cultivate through the musical arts an ever-deepening participation by all members of our parish community in the Church's worship, discipleship and cultural outreach.

VISION

Beautiful, compelling and inviting liturgical celebration served by music that is artful, honest and accessible.

Music ministry programs focused on the formation of the baptized in the "art of celebrating," the awakening of the Catholic imagination, and the transmission of faith from one generation to another.

Creating and sharing sacred musical art worthy of our best offering of praise, true to the faith handed down to us and credible to those outside our communion.
