

L.E.A.P. November News

It has been a fun month exploring leaves, acorns, trees, and even some Indian corn, as we talked about size, shape and color. This month, we will explore "tools" in our centers including those used to measure, weigh and build. We will continue to expand on the preschool monthly themes including color, shape, virtue, letters and numbers. We are thankful for the opportunity to teach your child!!

Reminders:

- ❑ As the weather changes, please dress your child appropriately because we do go outside. Also, please be sure to pack a coat/jacket, gloves, and hat with your child's name on it.
- ❑ Please do not bring toys from home.

We welcome your questions:
T/TH : Jane Gregory -
